

What is the catamaran you will enjoy everywhere?

Your new voyaging home is well proven Prout Quasar 50ft. It's the combination of the 4000 catamarans designed and built by the company over a 40-year period. The Quasar brings together in one sturdy design; comfort, space and ease of sailing. Ideally set up as a long-distance cruising catamaran. You won't be disappointed.

She is complete with 2 double staterooms with attached ensuite (heads), a further 2 doubles with a separate head next to one of them. Very spacious salon, dine, galley and navigation areas in the salon area. Aft a fully sheltered cockpit, with elevated helm, sheltered outdoor eating and lounging area. For ease of sailing all lines lead into the comfort and shelter of the cockpit.

In addition, she carries: 2 folding bicycles, 2 x 12-ft kayaks, an 11 ft RIB and 15 HP outboard.

Below, is a combined washing machine and drier, residential size fridge and freezer and separate fridge. No shortage of domestic luxuries. And if you want to stay in contact then there is satellite communications, phone and data.

Her design displacement is 26520 lbs and is Inter Coastal Waterway compliant with mast height of 64.5 ft.,

Much more is detailed in the description is available, for those that wish see it all.

She was commissioned by a USA engineer to be a floating home for his young family while they sailed around the world over several years. The next owner, also a USA engineer lived aboard with his family and voyaged in Mediterranean and Caribbean, in great comfort. So you can see she was selected by owners who knew her great pedigree and wanted safety and comfort.
